

2 Insert the batteries into the battery compartment as shown here.

3 Replace the battery compartment cover.

WARNING: Replace or recharge both batteries at the same time. Don't mix old batteries with new batteries and don't mix battery types (for example, alkaline and lithium batteries). Don't open or puncture the batteries, install them backwards, or expose them to fire, high temperatures, or water. Don't charge nonrechargeable AA batteries. Keep batteries out of the reach of children.

Battery Level Indicator

To check the battery level, choose Apple () > System Preferences, and then click Trackpad. The battery level indicator is in the lower-left corner.

Note: When you aren't using the Apple Magic Trackpad, it goes to sleep to conserve battery power.

If you won't be using your trackpad for an extended period, turn it off.
